

Overview: The United States Concealed Carry Association (USCCA) Concealed Carry class is approximately 6 hours in length and is divided in two parts: Classroom and live fire. Completion of this class provides an in-depth knowledge of safe handgun usage and storage as well as personal and home defense fundamentals, defensive shooting fundamentals, the legal use of force, and the aftermath of violent encounters. This class satisfies the “proof of proficiency” requirements for concealed weapon permit applications.

Classroom Session: In the classroom, clients will gain an in-depth understanding of the techniques to avoid violent confrontations, develop a personal and home defense plan, the aspects of effectively using a firearm as a tool of last resort. While in the classroom, we will conduct non-live fire training using real pistols and a laser simulator program to gain familiarity with firing procedures, refine shooting fundamentals, and build confidence.

Live Fire: Following the classroom session, we will travel approximately 7 miles to Sharpshooters Indoor Range in Lorton, VA. The range session provides clients the opportunity to demonstrate shooting fundamentals and fire a number of different pistols.

Course Design: We limit the class size to 4 clients in order to personalize the training to your skill levels and meet your training objectives.

Tuition: Your tuition covers classroom instruction, student books, light refreshments, range fees, gun rental, ammunition, safety equipment, and course completion certificate.

Pre-Requisites: Clients are only required to bring a great attitude and desire to learn. We will provide all materials.

Location: The Gun Whisperer classroom in Alexandria Virginia, near Mount Vernon (address given upon registration).

Registration: Register at www.gunwhisperer.org. For more information, contact Howard at 949-212-2291 or howard@gunwhisperer.org.
